

CONSEQUENCES OF DUMPING REFUSE

Dumping waste today, harms us tomorrow.

1. MAKES US SICK

Dirty waste spreads germs and causes diseases.

2. CAUSES FLOODS

Waste blocks drains and causes floods.

3. HARMS ANIMALS

Animals may eat plastic and get sick or die.

4. POLLUTES OUR ENVIRONMENT

It pollutes our water, air and land.

5. MAKES OUR COMMUNITY UGLY

It makes our homes, schools and community look bad.

Let's keep our
environment clean
and healthy!

 **Small actions,
big changes!**
